To Whom It May Concern:

Deano the Magic Man demonstrated his fantastic talent for entertaining toddlers to ten year-olds during Norcen's 1997 Children's Christmas Party held Decmber 7. Deano amazed all with his seemingly effortless ability to transform ordinary balloons into magical characters and his infinite patience in the creation of countless "swords" was greatly appreciated. I'm just sorry I didn't book him for a longer period of time - it was tough to tell the kids lined up for a second (or third) turn that he had another engagement booked

If you're looking for high-quality children's entertainment, don't hesitate to call Deano - he'll help you put some big smiles on a lot of little faces!

Yours truly,
